Based on consistent data confirming the substantial decline in the Coronavirus, we are updating our precautionary protocols as follows:

### Effective on Sunday, April 24th:

All attendees are asked to continue wearing masks during the worship service and while in the building. We will continue sitting every other row.

### Effective on Sunday, May 1st:

Mask wearing will be optional. Attendees are encouraged to make their individual determinations about whether or not to wear masks, based on their personal preferences. We will continue sitting every other row.

What follows are our remaining best practices for Franklin Street:

1. Sunday morning worship service will remain at 10am.
2. Sunday Spanish worship service will remain at 3:30pm.
3. ALL other services of the church are canceled until further notice.
4. The building will be thoroughly disinfected before each worship service.
5. Non-contact thermometers will be used to take temperatures.
6. Hand sanitizer stations at each entrance of the building.
7. Masks will continue to be available at the front door lobby.
8. Communion will remain to be picked up upon entering the building.
9. You are asked to continue using the offering collection box.
10. We will continue using the big screen and projector for song service.
11. Please stay home if you are high risk or have symptoms of illness.

These updates to our protocols and modifications of our practices are based on several successive weeks in which our leaders have reviewed CDC information, considered input from our Reopening Strategy Team and observed the nuances of our in-person gatherings. Thank you for your outstanding cooperation as we continue to evolve, using scientifically proven information, with the best interests of the congregation in mind.

May God Bless the Franklin Street Church of Christ
